This targets such market sectors requiring control on who is purchasing as: liquor and tobacco, Guns and armament, Duty Free Purchase (where the airport services both duty and duty free customers – boarding pass identifying the customer type).

Select Restriction Type

Welcome to Purchase Restriction Wizard

This wizard will help you to create or update purchase restrictions related to:

- A. Department of Item
- B. Category of Item
- C. Specific Item

Please select a restriction type to proceed:

- Department Based Restriction
- Category Based Restriction
- Item Based Restriction

Since in the same Retail Environment different types of Identifications may be used, this application allows the user to configure different fields for different Identifications.

Restriction By: ID Code (ID) Description: DRIVING LICENCE

Based On: Item Lookup Code (1000) Item Description: Retail PC Camera Pro Pack

Minimum Age Should Be (Years): 18

Select Restriction To Be Applied On:

- No Restriction
- Maximum Purchase Quantity Allowed (2)
- Maximum Purchase Amount Allowed
- Maximum Purchase Quantity Allowed Without Tax

Id based restriction can be defined either by department, category or by item. The restriction can be by age and or by:

- Purchase quantity allowed
- Purchase Amount allowed
- Purchase quantity allowed
- without paying tax

Run Shopping List

Item: 10001 Description: DRIVING LICENCE

Quantity: 1

Price: £19.07

Total: £19.07

When you press the key to “Tender” the “RR Id Manager” looks to see if any of the items have Id base restriction.

You can then select the Id and fill form for that particular Id.
